Australian Mathematics Trust Maths Enrichment Programs

Dear Parent/Caregiver,

Each year, gifted mathematics students at Canberra High School are given the opportunity of participating in two Mathematics programs offered by the Australian Mathematics Trust.

The first of these two programs is the **Maths Challenge Stage**. It will take place over a **4 week period 5 April – 4 May 2018**. The entry fee for this competition is **\$23.20 excluding GST**. The **Maths Challenge Stage** comprises six problems for students in secondary levels, to be completed in the students' own time at home. Problems can be discussed in groups of two or three registered students before individual submission of solutions. There are separate problem sets for Junior (Year 7-8) and Intermediate (Year 9-10) students.

The second program, the **Maths Enrichment Stage**, will run for a **sixteen week period from May to September 2018**. The entry fee for this competition is **\$38.20 excluding GST**. The **Maths Enrichment Stage** is a very challenging problem solving tuition program which requires students to work through a series of notes and to attempt solutions to twelve problems (Years 7, 8, 9) or sixteen problems (Year 10), aimed at their particular year group. Students will complete these problems in their own time at home, with a regular meeting time at school in which students can seek help and clarification. A teacher will mark these problems on a regular basis during the sixteen weeks of the program. Students who wish to enter only the **Maths Enrichment Stage** should discuss this possibility with Mrs Davis or Mrs Philip

What do you have to do?

- If you are enrolling in the four week **Maths Challenge** only, complete the attached enrolment form and hand it, together with the **\$23.20** fee, to the front office by **Thursday 8 March, 2018**.
- If you are enrolling in the sixteen weeks **Maths Enrichment**, complete the attached enrolment form and hand it, together with the **\$38.20** fee, to the front office by **Thursday 3 May, 2018**.

Students are encouraged to enter both Mathematics Enrichment programs, but are advised to attempt the Maths Challenge Stage before enrolling in the Enrichment Stage if they are unsure about participation.

For financial difficulties please contact the school.

If you have any queries, please do not hesitate to contact Alison Davis or Mary Philip in the Mathematics Faculty (61420800).

Regards,

Alison Davis and Mary Philip
