

Canberra High School
— ESTABLISHED 1938 —

Dear Parents/Guardians,

Canberra High School is offering the opportunity for students to participate in a 2-day WH&S (White Card) and Asbestos Awareness Training at the beginning of week 7, Term 1.

Any student intending to participate in a Construction Trade Work Experience placement or pursue a career that will take them onto a building site must have completed these trainings. The Building and Construction industry has strict regulations regarding access to work sites. In order to gain entry to a work site an individual needs to have undergone a full day of training to qualify for a White Card and a half day of Asbestos Awareness Training. Your child has expressed an interest in participating in this training.

We have booked Canberra Institute of Technology (CIT) to deliver the courses here at our school on the following dates and times:

Mon 19th March 2018	8.40am – 2.50pm	White Card Training
Tues 20th March 2018	8.40am – 2.50pm*	Asbestos Awareness Training

The Asbestos awareness course may finish earlier than 2:50, in this case students will return back to class for the remainder of the day.

The cost will be **\$140** (includes Asbestos Awareness Certificate and card, plus White card Certificate).

The above mentioned cost does **NOT** include the General Construction Card (ie. plastic wallet ID card). Students will need to apply online through Access Canberra to obtain their White Card. This will cost approximately \$38.

Students will also need to have a USI (Unique Student Identifier) number prior to commencing the course. This USI number will also be needed when applying for colleges. Students will need to supply their USI number when returning permission notes.

Students will also need to bring TWO forms of Identification being a Medicare Card, and School ID card on the day of training.

Payment and permission notes are due by Tuesday 13th March, 2018 (week 6).

Feel free to contact me if you have any questions.

Thank you,
Tim Hartgers
